Courses

WHERE THE GREENS MEET THE SEA – DISCOVER SOME OF PORTUGAL’S BEST COURSES – ON THE SILVER COAST

Praia D’El Rey - Set among extensive pine forests and undulating dunes, the 18-hole golf course mixes great holes cut through lush vegetation with a number of holes that run along the coastline and encompass sand dunes and links-style challenges whilst at the same time providing amazing views of the Atlantic Ocean and the nearby Berlenga Islands. It was designed by the renowned American golf architect Cabell B. Robinson. As a championship golf course, Praia D'El Rey sets a new standard of excellence in this year-round sunshine region. Located along a magnificent sandy beach, the course is perfectly integrated into an area of protected natural landscape, surrounded by lush fairways and the raw beauty of a breathtaking view of the sea. Deep bunkers, sloping greens and sandy dunes contrast sharply with the lush fairways, making it the complete golfing challenge.

West Cliffs is an 18-hole championship course, repeatedly awarded as one of the best golf courses in Portugal and which was elected the “World’s Best New Course” in 2017. The varied landscape and natural terrain was maintained undisturbed as possible to create a unique and world class 18-hole seaside links golf course alongside the silver coast. Rolling sand dunes interspersed with coastal vegetation, while the pine groves overlook the ocean from above. This privileged and exclusive location will mesmerize and challenge you to tame the forces of nature and perfect your game. Enjoy stunning views and listen to the ocean in the background while you play. It is a golfer’s dream.

Royal Óbidos - Designed by Seve Ballesteros to integrate with the natural surroundings, the 18 holes championship golf course is settled into the very hilly landscape which is slowly falling off towards the ocean. This 6,400 meters has been home to the Challenge Tour already for several years. There are stunning sea views which make the Royal Obidos an attractive course to play but it will also present a testing time for golfers of all levels. The first hole, a right handed dogleg, heads north, setting up a spectacular combination of holes overlooking the Lagoa de Óbidos. The feature hole of the front nine is the 3rd, a Par 3 off to an island green, with the stunning lagoon in the background. The second nine holes overlook the Atlantic Ocean. Six of the holes meander between an intricate ecosystem of lakes interconnected by cascading streams. The highlight of the back nine is the 18th, with a panoramic over the back nine, the clubhouse and the Ocean beyond. The tees are often well above the fairways, making the holes exposed to the wind and adding challenging conditions to the fun.
